

## VCF LP - General Update

May 30, 2019

### **Harvesting:**

No logging at this time. Wood tenders have been sent to Major licences. One douglas fir tender and one SPF tender. Tenders due June 7 (Fd) and June 10 (SPF).

### **Roads:**

Working on plans for summer start-up.  
Jackpine touching up Kiwa roads following spring runoff.  
Spaz cleaned up W06 road.  
Grading Westridge, West Canoe and Dave Henry over next few weeks.  
Working on finalizing price to install Dave Henry bridge with Alpine.

### **Planning/Other:**

We have walked area that the MOF thought they saw spruce beetle. Nothing found.  
Trap trees in the Selwyn area are hit hard with fir beetle.  
Two trees with fir beetle found at the bottom of 5 mile road.  
One blowdown fir tree at 46km West Canoe has fir beetle.  
Need to keep looking at fir stands to make sure that we are not missing anything.

TDB is reprocessing the Lidar to a better format. 1m contour layer has been delivered to Ecora. We hope to start using this soon.

TDB is lined up to fly air photo's of the woodlot soon.

MOF is working on the approval for the K5Q Management Plan and TSR.

### **Forest Licence:**

Forest Licence cutting permit 001 is on hold waiting to complete an Archeological Impact Assessment (AIA). Estimated late June.

### **Grants:**

Nothing to report at this time.

### **Silviculture:**

Integrity has planted most of the 310,000 trees. Waiting for the summer trees to be available to finish off the season. Smooth season so far.

Dan Cuddiback and Reiner Thorn has been brushing VCF blocks mainly on K2T CFA. Small scale.
