

## VCF LP - General Update

October 31, 2019

### **Harvesting:**

Mickelson is close to finishing harvesting up the Kiwa on blocks K02. Will be moving to the Dave Henry to start harvest on DH15, DH16 and DH17.

Plummer has finished harvesting on block PS03 up Packsaddle. Moving to Swift Creek into douglas fir and spruce blocks soon. Fir to Larry Simpson and spruce to carrier.

RV Timber Corp (Morgan) is cable logging on block K01.

Spaz is right of way harvesting up West Canoe at 47km.

Joe Nusse is working on douglas fir salvage logging on the 5-mile bike park area.

### **Roads:**

Spaz has built 500m spur into the edge of block DH13 and is now working his way up the Dave Henry mainline.

Spaz building road into KW32 at 47km West canoe.

Alpine to replace siderails and fenders on bridge at 15km West canoe this fall.

Cliff Jackman set to build landings and upgrade road up the Swift Creek area.

### **Planning/Other:**

The government has approved the Management Plan and new AAC of 46,700m<sup>3</sup>/year.

New combined VCF AAC is just under 100,000m<sup>3</sup>/year.

Greenstar crew has completed blocks up the Westridge and West canoe. We have started layout on new blocks up the Dave Henry.

### **Forest Licence:**

CP1 submitted. Hope to receive approved CP by early November. The permit is being referred to FN by the government.

### **Grants:**

Nothing to report at this time.

### **Silviculture:**

Seth MacDonald has completed FG surveys on the Castle Creek area of Woodlot 277. Most blocks came in FG status. 2 blocks need brushing.

Working on a tree planting program for 2020 and a tree order for 2021.
