

VCF LP - General Update

May 1, 2020

**Harvesting:**

No harvesting at this time.

Hauling wood out of yard. Cedar to Gilbert Smith and balsam to Carrier.

Hoping to haul 20-25 loads of spruce to Carrier mid May, one load of fir pulp to Phil Marsh when road bans come off and fir peelers to Tolko late may. Working on selling Fuso oversize spruce and fir loads soon.

**Roads:**

Monitoring roads during spring run off.

Gathering options for spring road work.

**Planning/Other:**

VCF staff are recc'ing wood over mainly K2T.

Greenstar still laying out wood but at a slower pace.

Year end audit draft complete.

Searching for different wood types and harvest options during this social/economic crisis. More options the better.

**Forest Licence:**

CP2 has been recommended for approval. Waiting on final paperwork.

K5Q CP10 expires June 27. CP application is submitted.

**Grants:**

**Silviculture:**

Seedlings have been ordered for delivery to Valemound May 15. Integrity will be tree planting contractor. They have half their crew locals. The other half will come to Seth's camp and isolate for 10 days. Seth has a Covid safety procedures that they will follow.

We will give out roughly \$25,000 in brushing to start then see how markets respond before releasing more.
